

ACRYLASEAL - Crack Sealant

Crack Repair Adhesive

AcrylaSeal is a cold applied, fuel resistant, high solids acrylic crack sealant. It is formulated to be fast setting and remain flexible over a wide range of temperatures. Recommended for asphalt and concrete surfaces.

AcrylaSeal provides a tough, resistant barrier against moisture for cracks up to 1/2" in width on asphalt and concrete pavements.

READY TO USE

- ▶ A convenient, fast and easy one-component system.

GOOD ADHESION

- ▶ A penetrating surfactant formulation ensures bonding to the surface.

EXCELLENT RESILIENCE

- ▶ A superior synthetic polymer compound provides elasticity. Contains no asphalt - will not track.

FAST SETTING

- ▶ Less waiting time required before sealcoating.

RUBBERIZED

- ▶ Improves pliability in adverse weather conditions.

LESS SHRINKAGE

- ▶ A high solids formulation prevents abnormal shrinkage.
